§91.200

must provide a period, not less than 15 days, to receive comments on the performance report that is to be submitted to HUD before its submission.

- (2) The citizen participation plan shall require the state to consider any comments or views of citizens received in writing, or orally at public hearings in preparing the performance report. A summary of these comments or views shall be attached to the performance report.
- (e) Citizen participation requirements for local governments. The citizen participation plan must describe the citizen participation requirements for units of general local government receiving CDBG funds from the State in 24 CFR 570.486. The citizen participation plan must explain how the requirements will be met.
- (f) Availability to the public. The citizen participation plan must provide that the consolidated plan as adopted, substantial amendments, and the performance report will be available to the public, including the availability of materials in a form accessible to persons with disabilities, upon request. The citizen participation plan must state how these documents will be available to the public.
- (g) Access to records. The citizen participation plan must require the state to provide citizens, public agencies, and other interested parties with reasonable and timely access to information and records relating to the state's consolidated plan and the state's use of assistance under the programs covered by this part during the preceding five years.
- (h) Complaints. The citizen participation plan shall describe the State's appropriate and practicable procedures to handle complaints from citizens related to the consolidated plan, amendments, and performance report. At a minimum, the citizen participation plan shall require that the State must provide a timely, substantive written response to every written citizen complaint, within an established period of time (within 15 working days, where practicable, if the State is a CDBG grant recipient).

(i) Use of citizen participation plan. The State must follow its citizen participation plan.

Subpart C—Local Governments; Contents of Consolidated Plan

§91.200 General.

- (a) A complete consolidated plan consists of the information required in §91.200 through §91.230, submitted in accordance with instructions prescribed by HUD (including tables and narratives), or in such other format as jointly agreed upon by HUD and the jurisdiction. A comprehensive housing affordability strategy consists of the information required in §91.200 through §91.215(e), §91.215(h) through §91.215(l), §91.220(c), §91.220(g), §91.225 and §91.230.
- (b) The jurisdiction shall describe the lead agency or entity responsible for overseeing the development of the plan and the significant aspects of the process by which the consolidated plan was developed, the identity of the agencies, groups, organizations, and others who participated in the process, and a description of the jurisdiction's consultations with social service, health, and child service agencies and other entities
- (c) In order to facilitate citizen review and comment each year, the plan shall contain a concise executive summary that includes the objectives and outcomes identified in the plan as well as an evaluation of past performance. The plan shall also include a concise summary of the citizen participation process, public comments, and efforts made to broaden public participation in the development of the consolidated plan.

[71 FR 6963, Feb. 9, 2006]

§91.205 Housing and homeless needs

(a) General. The consolidated plan must provide a concise summary of the jurisdiction's estimated housing needs projected for the ensuing five-year period. Housing data included in this portion of the plan shall be based on U.S.

Census data, as provided by HUD, as updated by any properly conducted local study, or any other reliable source that the jurisdiction clearly identifies, and should reflect the consultation with social service agencies and other entities conducted in accordance with §91.100 and the citizen participation process conducted in accordance with §91.105. For a jurisdiction seeking funding on behalf of an eligible metropolitan statistical area under the HOPWA program, the needs described for housing and supportive services must address the unmet needs of lowincome persons with HIV/AIDS and their families throughout the eligible metropolitan statistical area.

(b) Categories of persons affected. (1) The plan shall estimate the number and type of families in need of housing assistance for extremely low-income, low-income, moderate-income, middle-income families, for renters and owners, for elderly persons, for single persons, for large families, for public housing residents, for families on the public housing and section 8 tenantbased waiting lists, for persons with HIV/AIDS and their families, for victims of domestic violence, dating violence, sexual assault, and stalking, and for persons with disabilities. The description of housing needs shall include a concise summary of the cost burden and severe cost burden, overcrowding (especially for large families), and substandard housing conditions being experienced by extremely low-income, low-income, moderate-income, middle-income renters and owners compared to the jurisdiction as a whole. (The jurisdiction must define in its consolidated plan the terms "standard condition" and "substandard condition but suitable for rehabilitation.")

(2) For any of the income categories enumerated in paragraph (b)(1) of this section, to the extent that any racial or ethnic group has disproportionately greater need in comparison to the needs of that category as a whole, assessment of that specific need shall be included. For this purpose, disproportionately greater need exists when the percentage of persons in a category of need who are members of a particular racial or ethnic group in a category of

need is at least 10 percentage points higher than the percentage of persons in the category as a whole.

(c) Homeless needs. The plan must provide a concise summary of the nature and extent of homelessness (including rural homelessness and chronically homeless persons), addressing separately the need for facilities and services for homeless individuals and homeless families with children, both sheltered and unsheltered, and homeless subpopulations, in accordance with a table prescribed by HUD. This description must include the characteristics and needs of low-income individuals and families with children (especially extremely low-income) who are currently housed but threatened with homelessness. The plan also must contain a brief narrative description of the nature and extent of homelessness by racial and ethnic group, to the extent information is available.

(d) Other special needs. (1) The jurisdiction shall estimate, to the extent practicable, the number of persons who are not homeless but require supportive housing, including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addiction, persons with HIV/AIDS and their families, public housing residents, and any other categories the jurisdiction may specify, and describe their supportive housing needs.

(2) With respect to a jurisdiction seeking funding on behalf of an eligible metropolitan statistical area under the HOPWA program, the plan must identify the size and characteristics of the population with HIV/AIDS and their families within the eligible metropolitan statistical area it will serve.

(e) Lead-based paint hazards. The plan must estimate the number of housing units within the jurisdiction that are occupied by low-income families or moderate-income families that contain lead-based paint hazards, as defined in this part.
